CONSULTING SERVICES

If you're like most people, you don't know where to start growing your business. So why don't you start with a conversation with a trusted partner to help prioritize how to proceed.

- **Discovery** - First, we'll schedule a Discovery Session where we discuss your business goals and help you set expectations as well as timelines and budgets.
- **Design** - Next, we'll create mock ups based on our discovery session for you to review and provide feedback.
- **Implement** - After approval, we will build your solution based on the road map we have developed and launch a product that will benefit your organization.
- **Support** - We provide ongoing support for new projects, adjustments and growth strategies on an as needed basis.

NOW WHAT?

Contact us today to begin the conversation and find out how Studio490 can help

Use your Co-Op funds wisely and surpass your competition today!
